

# DELAWARE RYE-SING

**STYLE:**  
RYE INDIA PALE ALE

**DESCRIPTION:**

Known for its hardy character both as a crop and as a wholesome base for breads, beers and spirits, Rye has a uniquely rustic and spicy quality that can be divisive, but gratifying. This quality adds complexity to the malt backbone that balances the resinous, piney bouquet and finish.

Deep Amber to Copper in color and technically a Rye IPA by style, our Delaware Ryesing IPA borrows from the roots of the craft beer movement, the American Pale Ale.

Every whiff of Delaware Ryesing emanates Nut Bread, Biscuit and Chocolate from the malt blend with notes of Plum and Apricot added by the hops and yeast. Subtle flavors of Cedar, Black Pepper and Licorice are quickly followed by a lingering Bitter Orange Peel and Pine Resin finish.
