

# SHED A LITTLE LIGHT

**STYLE:**  
VIENNA LAGER

**DESCRIPTION:**

The German brewing tradition is driven and defined by the purest of motives and the most timeless of histories. In Germany, to legally define a beverage as a beer, it can only contain four ingredients: Water, Malt, Hops & Yeast. A law that dates back to the year 1516.

Our house lager, Shed A Little Light, embodies that tradition and history and then some.

Brilliant Deep Amber in color, offering subtle aromas of biscuit, toffee and herbal spice and fermented with a classic German lager yeast strain (Weihenstephaner), German Pilsner & Munich malts and US-grown, German-derived noble hops (Saaz), this beer has medium-light, bready body with a remarkable clean, dry finish.

**ABV** 5.6%

**IBUs** 24
