

CAUGHT IN DARKNESS

STYLE:
BLACK ALE

DESCRIPTION:

The Northern Hemisphere Harvest means shorter days, colder nights and bountiful piles of the freshest hops from places like the Willamette and Yakima Valleys in Washington & Oregon as well as the historic hop fields of Lower England.

A hybrid of a Baltic Porter and a Cascadian Dark Ale or "Black IPA", our Black Ale is brewed using only the freshest of Northern Hemisphere Nugget from the Pacific Northwest and historic and traditional Fuggle hop straight from the UK.

Rich, toasted and chocolate sweetness is balanced perfectly by woody, herbal and resinous hop bitterness. This brew is for drinkers who demand flavor, both malt and hops, in their glass.

ABV	7.5%
IBUs	115
SRM	33

Malt: German Pilsner, German Munich Light, Carafa II

Hops: Nugget (Woody, Resinous, Herbal), Fuggle (Earthy, Minty, Floral)
